

**IN THE SPECIFICATION:**

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~striketrough~~.

**Please REPLACE the paragraph [0059] beginning at page 13, with the following paragraph:**

The present invention may be embodied as computer readable code on a computer readable medium. The computer readable medium is any data storage device that can store data that can thereafter be read by a computer system. Examples of the computer readable medium include read-only memory, random-access memory, CD-ROMs, magnetic tape, floppy discs, and optical data storage devices. ~~The computer readable medium may be a carrier wave that transmits data via the Internet.~~ The computer readable medium may also be distributed over a network coupled computer system so that the computer readable code is stored and executed in a distributed fashion.
